### RELAY ENTRY FORMS:

#### RELAY CARDS

Relay cards are due to the clerk of course 30 minutes after conclusion of scratch meeting. Changes may be made up to the heat closure.

### WILD CARDS:

Athletes who have not met the qualifying standard in their event may be seeded into the meet after the entry deadline. They will be seeded using the following procedures:

- Divers – Up to 24 individuals will be seeded into event #5 based on results of respective 11 Dive Meet. **Do not enter** potential individual wildcard entries with your team entries.
- Relays – Up to 14 relay teams will be seeded in each relay event based on the results of respective season best times. **Do not enter** potential relay wild-cards with your entries.
- Swimmers –If there are lanes available in an event after the qualified swimmers have been seeded, swimmers nominated as “wild card entries” will be entered, based on time, until all empty lanes in an event are filled. No new heats will be created. Potential wild card entries need to be listed in team manager. **COACHES MUST ENTER** your potential wild card entries.
  - A “wild card entry” counts towards the swimmer’s 2 individual events even if a swimmer is not ultimately entered in the event.
  - Enter potential wild card entries just as you would any other entry. Remember, there is a limit of 4 entries per team per event. Do not mark them exhibition.
- Any “Wildcards” selected will have 24-hours from the wildcard invitation to accept the seeding. The invitation time is the moment the email goes out, and is not dependent on emails being read, “junk” folders or other problems on the receiving end.

## State Meet Qualification:

### **STATE CHAMPIONSHIP NOTES**

Your state championship entries *must be the same* as your district championship entries. No changes may be made to individual events or relays, including the 8-relay swimmer and alternate names, with the sole exception: A swimmer may swim an event at the district championship, qualify for state in that event, and not enter that event for the state championship.

- Refer to the WIAA “Bound for State” guidelines for state championship qualification and procedure information.
- The top six (**6**) place-winners in each event will be the West Central District III allocations to the state championship, regardless of time. In the event of a non-state-qualifying-time tie for sixth place, a swim-off will be conducted as described in NFHS 5-4-4, unless one of the tied athletes concede [possible] allocation in the presence of their coach, to the meet manager and meet referee.

### **STATE CHAMPIONSHIP ENTRIES**

- All coaches **must submit** their swimmers and divers who have qualified in one or more individual events or who are one of eight members of the relay team on the **WISCA.ORG** website
- The entry deadline is **Saturday, November 4th by midnight**. Submissions must include the entry time for swimmers/relays and point totals for divers. Submissions also must include the names for relay members and may not differ from the eight named for the district meet entry. Coaches may use a typed/printed State Entry Form for planning purposes. However, this is **no longer** the master entry form for the State Meet.
- District Meet Managers **will not** collect these forms from the coaches. The District Meet Managers will only submit the District Meet results that include the names of relay members. Divers and their dive sheets must also be entered into [www.cleanentries.com](http://www.cleanentries.com). There are procedures for both the coach and diver to follow to complete the entry process on the WIAA website. Please refer to the form labeled “Directions for [www.cleanentries.com](http://www.cleanentries.com)”

**Parking:** Please use either parking lot off 86<sup>th</sup> Ave E., not the main Rogers lot on 128<sup>th</sup>.

**Concessions:** Concessions will be provided.

**T-Shirts and Sweatshirts** will be for sale in person at the meet.

**Timers:** We will be needing experienced adult timers for both prelims and finals. Each team is being asked to provide 1 to 2 timers to ensure we have enough timers before the day of the meet. Please contact **Emily Murray** with any timers' names and contact information. Timers should report to the starting end of the pool 30 minutes prior to the swim competition.

#### **POSSIBLE BREAKS AFTER RELAYS:**

During finals, if an athlete is seeded to swim in back-to-back event "A" finals, an additional 5-minute break will be added to the schedule between the awards of the first event and the "A" final of the second event. These breaks will be announced at the Saturday coaches meeting. ## **2023-2024 State Swim and Dive Championships Entry Procedure Updates**

High School Swim and Dive Coaches need to follow these guidelines to ensure that their athletes who qualify are entered into the state swim and dive championships.

### **State Time Verification:**

1. State Time Verification **DOES NOT** equate to entering the state championship meet.
2. However, a verified time is one way for an athlete to be entered into the state championships. A swimmer who meets the time standard in an interscholastic meet and has that time verified, may use that time for entry into the state meet, **provided the athlete competes in that event(s) at the District Meet.**
3. **For a time from a current regular season competition to be verified**, the coach of the school team must do the following within **ONE week (7 calendar days)** of the competition date:
4. Post the state time(s) or score(s) for consideration to the [WISCA.ORG](http://WISCA.ORG) website
  - a. All times must be achieved through either:
    - i. Electronic timing (a timed touchpad finish) OR
    - ii. A minimum two-watch hand timed, or two-button hand timed finish.
  - b. Relay leadoff times may be used if the times are achieved using either:
    - i. An electronic touchpad split or
    - ii. Two separate designated split timers, located at the lane, and the swim was declared to the referee prior to the start of the race.
5. Submit an electronic copy of the complete meet results to the WIAA state meet director, Jeff Lowell at [lowellj@bsd405.org](mailto:lowellj@bsd405.org). Preferred format is a pdf of a meet manager meet results file.
  - a. All meet results, regardless of format must include the following:
    - i. All teams competing in the meet
    - ii. All participants – including all JV results
    - iii. In the event further verification is necessary, the name and contact email of the meet referee must be included with the message to which the results are attached.
  - b. NOTE: Individual timecards, results without all teams and/or times, or other incomplete results will not be accepted for verification. This includes individual dive sheets submitted rather than complete dive meet results.
6. An athlete's time or dive score, when not following this procedure, WILL NOT be used for qualification into the state meet. Times or scores that are not verified will be removed from the WISCA.org database.
7. ***If a coach does not complete the verification process as outlined in the State Competition***

***Standard Operating Procedures, it will be considered a Level 2 violation as outlined in WIAA rule 25.5 and the coach's school will be assessed a fine of \$100 a time, not to exceed \$1500 for a season. The fine must be paid to the WIAA prior to the beginning of the school's preliminary session of the district championships for the school to be eligible for participation. The WIAA will use any funds collected through these funds to further professional development opportunities for swim and dive coaches at the WIAA's annual coaches' school.***

8. Athletes may equal or better the posted qualifying standards in any sanctioned high school dual, double- dual, triangular, or invitational competitions during the current WIAA season. These include:
  - a. Sanctioned Washington State high school meets with two or more WIAA schools competing.
  - b. Out-of-state dual and invitational meets that follow WIAA guidelines.
  - c. NOTE: Standards achieved at an Intra-squad, alumni, time trial, and/or other one-team competition are not to be considered and/or verified as a state qualifying standard.

Coaches – Please remember that this process is just to confirm that an athlete met a qualifying standard. For an athlete’s official entry into the state meet, coaches must complete the procedures on the following pages.

**Before addressing entry procedures, coaches need to understand the steps taken to fill the field in each event for the state swim and dive championships. The steps taken to fill each field are as follows:**

1. At the completion of each district meet/qualifying event, results data is pulled from each district database.
2. Two advancers files are created from each district database: Allocation Advancers and Wildcard Advancers.
  - Allocation Advancers match the WIAA allocations for each WIAA District. Current allocations can be found at this link: <https://www.wiaa.com/allocations/>
  - Wildcard Advancers are the top 12 finishers by place in each event in each district finals.
3. Athletes who earn an allocation are the first athletes entered into a field as it rewards the performances at district events and mirrors all other WIAA sports.
4. Swim/Dive has additional means to fill each classification’s field for each event:
  - WISCA Verified Times: The next group of athletes who are added to each field are those who earned a WISCA Verified Time from the current season.
  - If there is still space in a field, the state meet director will invite ‘Wildcard’ athletes from the Wildcard Advancers list to complete the field.

**However, for the entry process to be complete, each coach must DECLARE their entries. For the past few years, this has been done through a submission to Direct Athletics. Direct Athletics is no longer supporting swimming competitions, so there is a change in our procedure.**

**By following the steps included on the following pages, a coach will declare their entries, and ensuring that their athletes are included in those events where they have qualified.**

**To complete state meet entries, coaches MUST complete the following between Saturday, October 28, 2023, and Saturday, November 5, 2023 (BY MIDNIGHT):**

1. A Team Manager export of your meet entries.
  - a. Note: Meet Event file and Team Manager Time Standards file are available to download from the [WIAA Swim and Dive Page](#). If you are creating the state meet in Team Manager without these files, use the following event numbers.
    - i. **1A/2A Events = 201-214 (adaptive event #'s are 213 - 50 free, 214 - 50Back)**
    - ii. **3A Events = 301-314 (adaptive event #'s are 313 - 50 free, 314 - 50Back)**
    - iii. **4A Events = 401-414 ((adaptive event #'s are 413 - 50 free, 414 - 50Back)**
  - b. When creating your entry file in Team Manager, **DO NOT ENTER WILD CARD HOPEFULS**. Only enter those athletes who have either earned a place in the meet through allocation or through a verified time achieved during the fall 2023 season.
  - c. When exporting from Team Manager, ENTER ALL DIVERS WHO WILL COMPETE – if a diver is not part of the export file, YOU HAVE NOT DECLARED THE ATHLETE FOR THE MEET.
  - d. To create the export file, click “File,” then “Export.”
    - i. Click the first option, which should be “Meet Entries”
    - ii. Select your location for your entry file and verify you are in the correct meet.
    - iii. Make sure the box next to “Export Relays” is selected
    - iv. Press “OK”
    - v. Next a screen the reads “Entries Exported to (file location)”
    - vi. Press “OK”
    - vii. Now press “Close” on the Export Screen
  - e. **PLEASE NAME YOUR FILE USING THIS CONVENTION**: “School Abbreviation.Entries.Classification.Year” (Curt.Entries.4A.23)
2. A Team Manager printout of your entries, including divers and relay names. When creating the file – please send entries by NAME and include PROOF OF TIME in pdf format. Choose Meet Reports, then Meet Entries. Once in that screen to build the report, choose:
  - a. The correct meet
  - b. Sort by (at the bottom of the screen) Name
  - c. Event Filters: Individual and Relays
  - d. Other Options (Top Right): Include Proof of Time
  - e. When saving your entries, use the SAME NAME YOU USED FOR YOUR EVENT FILE (Curt.Entries.4A.23).
3. To submit these files – please email your saved files to Jeff Lowell at [lowellj@bsd405.org](mailto:lowellj@bsd405.org). **PLEASE USE THE WORDS STATE ENTRIES IN THE SUBJECT LINE OF THE EMAIL.**
4. For those without the full Team Manager program, please follow the instructions at the end of this document that provide instructions to utilize Team Manager Lite.

**Entry Info: Please remember the following items when entering athletes:**

1. **Entry Limits:** An athlete may only enter the same events competed at their district championship. An athlete may enter a maximum of 2 individual events and 3 relays. However, an athlete may only compete in a maximum of four events: two individual events and two relays or one individual event and three relays. *PRELIMS and FINALS are sessions of the same meet.*

2. **Team Entry Limits:** Each team may enter a maximum of **four swimmers per individual event**, athletes who have qualified through allocation or with a verified state qualifying time
3. **Relay Entries may include up to 8 athletes for each of the three relays.**
  - a. ***The 8 athletes on a relay must be the 8 names entered into the District Championships.*** WIAA rules forbid changes to the 8 potential members of a relay between Districts and State.
  - b. If a swimmer is entered in all three relays, it is the coach's responsibility to see that the swimmer does not compete on all three relays if that would put the swimmer over the limit of competing in 4 events.

**Master Entries in TM must be complete and accurate**

1. Coaches' contact phone numbers and email addresses are needed for questions regarding entries (please list the number at which you are most likely to be reached).
2. Divers will be fully entered after they are entered in Clean Entries. To access instructions, use this link ([Clean Entries](#)) or contact Todd Wollenweber.
